

MT. ENTERPRISE

ELEMENTARY

MAKERSPACE 2025-2026

A makerspace room is a collaborative work space for making, learning, exploring and sharing. Our students get to go to the Makerspace Room at least twice a month. Here is a list of supplies that would be appreciated if you would like to donate them. This is completely optional! Please send these in a separate bag with a note so the classroom teacher knows where they belong.

kleenex
hand sanitizer
